

Lonnie Brace Fitting Instructions

Warning and Instructions. Read Carefully. Proper application required

⚠ Warning: This device will not prevent or eliminate risk of injury. Do not Over-Tighten. If swelling, pain, skin irritation, or an unusual reaction occurs, discontinue use immediately and consult your medical professional. This device should not be worn by persons with known allergies to neoprene.

Care: Hand wash only using mild soap. Rinse thoroughly. Air dry only. Do not tumble dry.

1. Loosen straps and slide brace on arm.

2. Line up brace with forearm creases
Place brace on arm with "c" opening to medial (inside) part of elbow and padding against elbow.

3. Finished application with opening in brace over medial epicondyle (inside) region of elbow.

4. Align rigid hinge with Velcro[®] facing the lateral (outside) region of the brace and elbow over Nylon Sleeve

5. Secure rigid hinge to brace

The Lonnie Brace can be worn with or without the rigid hinge. The hinge is designed to keep the elbow in a relaxed position in order to minimize trauma to the ulnar nerve.
